Finish faster and show-ready with powerful clipping solutions from Andis®.

There’s no such thing as one size fits all when it comes to grooming large animals. To do it well you need the right mix of power and convenience, not to mention blades that cut faster and smoother in fewer passes. When the job needs to get done efficiently, do it faster with powerful solutions from Andis®.
Our most powerful, cordless, 5-speed detachable blade clipper. Delivers a 2-hour run time on a 2-hour charge. Lithium-ion power mated with powerful rotary motor to cut any hair type. The detachable blade design offers the advantage of multiple blade options to achieve just the right cut length. Ideal for livestock grooming with our highly popular Super Blocking blade.

This powerful, rotary motor clipper features a contoured, break-resistant housing for hours of comfortable grooming. Will run continuously for 1 hour on a fully charged battery and recharge in only 1 hour for extended use during busy days. Includes a high-capacity battery pack that can be charged separately from the clipper to limit your downtime during grooming. Extremely quiet and cool operation without the use of fans ensure hair won’t be blown into wounds or incisions. Includes close-cutting CeramicEdge® 40SS blade for veterinary and surgical work.

Our most powerful, cordless, 5-speed detachable blade clipper. Delivers a 2-hour run time on a 2-hour charge. Lithium-ion power mated with powerful rotary motor to cut any hair type. The detachable blade design offers the advantage of multiple blade options to achieve just the right cut length. Ideal for livestock grooming with our highly popular Super Blocking blade.

This powerful, rotary motor clipper features a contoured, break-resistant housing for hours of comfortable grooming. Will run continuously for 1 hour on a fully charged battery and recharge in only 1 hour for extended use during busy days. Includes a high-capacity battery pack that can be charged separately from the clipper to limit your downtime during grooming. Extremely quiet and cool operation without the use of fans to increase the longevity of your clipper.

The ProClip Pulse Ion™ cordless clipper includes a powerful rotary motor and a lithium-ion battery which feature up to 2 hours of non-stop grooming. The new blade design offers improved cutting performance while the adjustable blade lengths 40-30-15-10-9 save time because you don’t need to change blades. Lightweight and easy to clean, it features a detachable battery which recharges in about 1 hour.

**NEW! Pulse Ion™ Blade Design**

Improved cutting performance

**NEW**
Heavy-duty doesn’t have to be heavy
Both seasoned pros and beginning groomers can benefit from our new ShowEdge™ clipper. Its unique, angled clipper head provides improved access in tight spots. And it packs the same punch as larger, heavier clippers but in a mid-size, lightweight design for greater control and less hand fatigue.

This powerful show-grade clipper with rotary motor is a durable, cool and quiet tool. Quick blade tension adjustment, a slip-grip and a lightweight design simplify handling and control. Interchangeable hardened steel blades ensure long-lasting performance and a 12’ cord enables convenient movement around large animals. Tether cord provides extra security against accidental drops.

This powerful, 2-speed rotary motor of the ShowEdge™ large animal clipper runs cooler and delivers superior results for competition cuts, shearing and all-around grooming. It features detachable blade design for easy cleaning and greater versatility from a wider range of blade choices. Includes side 3” ShowEdge™ general blade and 14’ cord. Tether cord provides extra security against accidental drops.

This powerful rotary motor makes the clipper perfect for use on cattle and horses. Interchangeable blades for all grooming needs. The innovative connection between the clipper head and housing reduces noise and vibration. Quick tension adjustment and the perfectly contoured housing make this clipper user-friendly. Features a 12’ cord for easy maneuvering around animals.

The powerful motor incorporates the latest lithium-ion technology providing the user with 2 hours of non-stop run time with 2 hours of charge time. Quick tension adjustment and perfectly contoured housing make this clipper user-friendly. Interchangeable blades also make this clipper perfect for grooming cattle and horses. Tether cord provides extra security against accidental drops.

The innovative connection between the clipper head and housing reduces noise and vibration for the user and animal. Quick tension adjustment knobs and interchangeable blades provide a vast array of grooming options, while the patented floating fork system extends comb and cutter life. Features a 12’ cord for easy maneuvering around animals.

The powerful, 2-speed rotary motor of the ShowEdge™ large animal clipper runs cooler and delivers superior results for competition cuts, shearing and all-around grooming. It features detachable blade design for easy cleaning and greater versatility from a wider range of blade choices. Includes side 3” ShowEdge™ general blade and 14’ cord. Tether cord provides extra security against accidental drops.

This powerful show-grade clipper with rotary motor is a durable, cool and quiet tool. Quick blade tension adjustment, a slip-grip and a lightweight design simplify handling and control. Interchangeable hardened steel blades ensure long-lasting performance and a 12’ cord enables convenient movement around large animals. Tether cord provides extra security against accidental drops.

The powerful motor incorporates the latest lithium-ion technology providing the user with 2 hours of non-stop run time with 2 hours of charge time. Quick tension adjustment and perfectly contoured housing make this clipper user-friendly. Interchangeable blades also make this clipper perfect for grooming cattle and horses. Tether cord provides extra security against accidental drops.

The innovative connection between the clipper head and housing reduces noise and vibration for the user and animal. Quick tension adjustment knobs and interchangeable blades provide a vast array of grooming options, while the patented floating fork system extends comb and cutter life. Features a 12’ cord for easy maneuvering around animals.

Includes a soft-grip anti-slip housing for comfort and safety and a 14’ cord for daily use. Detachable blades change and clean easily. At high speed, runs 10% faster than the AGC Super 2-Speed.

The AGC2 Super 2-Speed clipper family features a powerful rotary motor that runs 4,400 SPM on the high setting and 3,400 SPM on the low setting. Cool-running, smart design eliminates heat and vents that can become clogged with hair. A locking switch ensures that the clipper will not accidentally shut off. These clippers feature detachable blades for easy cleaning and ultimate choice for cut length. With break-resistant housing and a full 14’ heavy-duty cord, these units are ideal for ease of movement around animals and equipment.

The AGC2 Super 2-Speed clipper family features a powerful rotary motor that runs 4,400 SPM on the high setting and 3,400 SPM on the low setting. Cool-running, smart design eliminates heat and vents that can become clogged with hair. A locking switch ensures that the clipper will not accidentally shut off. These clippers feature detachable blades for easy cleaning and ultimate choice for cut length. With break-resistant housing and a full 14’ heavy-duty cord, these units are ideal for ease of movement around animals and equipment.

There's no better solution for professional, complete horse grooming than the AGC Super 2-Speed. This powerful rotary motor clipper includes break-resistant housing and runs extremely cool and quiet. Features two speeds for ultimate all-around grooming control and a 14’ cord so you can work just about anywhere without having to change power sources.

Andis® built this professional clipper with all of the right features, including a super blocking blade for efficient, efficient clipping of��ermat bone-free hair with less tension, a durable solution that's ideal for the most specialized grooming techniques. Features two speeds for ultimate all-around grooming control and a 14’ cord so you can work just about anywhere without having to change power sources.

Includes a soft-grip anti-slip housing for comfort and safety and a 14’ cord for daily use. Detachable blades change and clean easily. At high speed, runs 10% faster than the AGC Super 2-Speed.

### WORKS WITH ALL ULTRAEDGE®, CERAMICEDGE® AND SHOWEDGE™ LIVESTOCK BLADES
- UltraEdge® Size 10 64071
- Adjustable Blade 66240

Powerful rotary motor clipper kit for complete animal grooming. Detachable blades for ease of changing and cleaning. Features quiet and cool operation, a maintenance-free motor and a break-resistant housing contoured to fit your hand comfortably. Break-resistant housing and 12’ heavy-duty cord. Built to withstand years of use.

A great clipper perfect for use on bridle path, fetlocks, ears and face with the convenience of cordless power. Rotary motor and rechargeable NiMH battery for 1 hour of run time. Blade adjusts from sizes 30-15-10, fine to coarse. With cordless technology, you can use the clipper cordless for ultimate convenience and then plug it in and continue clipping when your battery runs low for complete flexibility.

A high-speed, adjustable blade clipper for all-around horse grooming. Balanced, ergonomic, quiet and cool magnetic motor means comfortable use for both horse and groomer. The adjustable precision blades offer a full range of grooming styles in cutting lengths of 30-15-10.

### Trim ‘N Go™ Cordless Trimmer
- Single Speed
- 6,000 RPM
- 4.0 oz

Includes:
- 2 Attachment combs
- 1 AA battery
- Blade guard
- Blade brush

Looking for a compact yet durable trimmer that won’t break the bank? Consider the Trim ‘N Go™ cordless animal trimmer. Its soft-grip design and compact size make it the perfect solution for grooming on the go.

**TIPS**
- Use a blade brush and Dry Care® spray frequently to remove fragments of hair from the blade. This is key if you are using glue or other fitting products that can gum up blades.
- Wash and dry the animal prior to grooming to extend blade life and performance.
- If you notice a decrease in performance after cleaning & oiling your blade, replace the blade to maintain peak cutting performance.

*Blades ranging from Sizes T-84 to 10 are all suitable for overall horse body clipping depending on individual preference of length.*

TIP
After clipping, it is important to clean your clipper and blade thoroughly to maintain your tool’s performance:

1. Remove large hair fragments from the blade with a brush. Use Dry Care™ high-pressure air cleaner to remove debris from hard-to-reach spaces.
2. Clean and disinfect blades by using Cool Care Plus®.
3. Use the 5-point oiling system to lubricate your clipper. 3 drops across the teeth of the blade and 1 drop on each back rail.
4. If you notice a decrease in performance after cleaning and oiling your blade, replace the blade to maintain peak cutting performance.

Dry Care™
12790
Spray can, 10 oz - 12 to a case
Dry Care™ is one step in the Andis® line of total maintenance products for clippers and trimmers. Cleans tools to ensure optimum performance and a longer tool life. High pressure air blasts dirt and hair from clipper or trimmer blades. Equipped with concentrator for cleaning in hard-to-reach areas.

Cool Care Plus®
12795
Spray can, 15.5 oz - 12 to a case
Cool Care Plus® is a 5-in-one coolant, lubricant, cleaner, rust preventative and disinfectant (virucide, fungicide, bactericide and tuberculocide) with a country-fresh scent. Do all of this in one step without removing the blade from the clipper. High-pressure comfort tip nozzle quickly sprays hair out of blade teeth.

Andis® Clipper Oil
12501
4 oz bottles - case of 48
Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add 5 drops and wipe away excess oil with clean cloth. Hang or store your Andis® clipper with the blades down to prevent excess oil from entering the clipper body.

Blade Care Plus®
12799 (Jar) & 12990 (Spray Bottle)
Dip jar, 16.5 oz - 12 to a case
Spray bottle, 16 oz - 12 to a case
In just 10 seconds, Blade Care Plus® leaves blades clean, lubricated and cool for optimal performance. Formulated for use by hair stylists, barbers, animal groomers and veterinarians, this 7-in-one, Vitamin E enriched formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blade in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

Blade Brush
12415
The blade brush is a convenient, safe way to keep clipper and trimmer blades clean in between grooming. The broad-spectrum design ensures a clean blade in just a few strokes.
