* Made in USA of domestic and foreign parts.
Andis® adjustable blade clippers are all about options. With a flick of the thumb, you instantly adjust your cutting length. Whether you select a USPro or Trend Setter, metal or ceramic blades, or a color that matches your sense of style, Andis has ergonomic, balanced tools that just feel right, and give you the control you expect.

Speed: Single Speed
Motor: Rotary - 5,500 SPM
Motor: Magnetic - 6,000 SPM
Motor: Pivot - 3,000 SPM

Run Time: 120 Minutes
Charge Time: 90 Minutes
Weight (kg): 0.3
Product Dimensions (cm): 18.4h x 4.4w x 4.4d
Master Carton Qty: 6
Master Carton Dimensions (cm): 27.0h x 24.8w x 41.9d

Adjustable blade #68280 with 0000 to 1 cutting lengths
INCLUDES:
• 4 Attachment combs
1/8” (3 mm), 1/4” (6 mm), 3/8” (10 mm), 1/2” (13 mm)
• Euro plug
• UK plug
• Australia plug
• Blade oil

Adjustable blade #66250 with 000 to 1 cutting lengths
INCLUDES:
• 6 Attachment combs
1/8” (3 mm), 1/4” (6 mm), 3/8” (10 mm), 1/2” (13 mm), 3/4” (19 mm), 1” (25 mm)
• Blade guard
• Blade brush
• Blade oil

Adjustable blade #66255 with 00000 to 000 cutting lengths

Adjustable blade #23435 with 000 to 1 cutting lengths

The Ionica clipper features up to 2 hours of nonstop run time. Blade adjusts from 0000 to 1. Lightweight and easy to clean. Durable aluminum battery recharges in about 90 minutes.

New patented XTR Technology™ provides efficient power while keeping the clipper quiet and cool to the touch. Durable aluminum housing gives a sleek and firm grip while enhancing the durability of the clipper. Blade adjusts from 000 to 1, giving ultimate control in cutting lengths for every style. High-quality carbon-steel blade offers smooth cuts and effortless gliding through any hair type without streaking or snagging. Features a high-speed magnetic motor with reliable power for high-volume haircutting. High-quality product engineered and produced in the USA.
Cordless just got a whole lot lighter

Introducing the Cordless USPro Li

- Long-lasting cordless power: lithium-ion battery boasts over 3 hours of runtime and will charge in 90 minutes
- Extremely lightweight — 25% lighter than the corded USPro clipper and weighs less than 10 ounces
- Blade adjusts from 000 to 1, giving ultimate control in cutting lengths for every style
- High-quality carbon-steel blade offers smooth cuts and effortless gliding through any hair type without streaking or jamming
- Features cord/cordless operation for reliability in cutting all day long
- High-quality product engineered and produced in the USA

YOU’RE ONLY AS GOOD AS YOUR LAST HAIRCUT

Balanced, ergonomically designed trimmer for light-duty touch-ups and trimming necklines. Sleek, lightweight, cordless design for greater flexibility. Close-cutting blade. Lithium-ion battery delivers up to 2 hours of run time with a 2½-hour charge time. Improved motor for increased speed, power and life.

Compact, lightweight cordless trimmer is best for trimming necklines and light-duty cutting. Two lithium-ion batteries for over 2 hours run time; recharges in less than 2½ hours. Snap-on precision blades for easy cleaning.

Lightweight and sleek trimmer with soft grip for lasting comfort during extended use. Fine cutting teeth are perfect for trimming beards, mustaches, necklines, and edging around ears. Lithium-ion battery provides 2 hours of run time and fully recharges in 2½ hours. Can be used with or without cord.

- Foil guard

**The Right Motor for Optimal Performance**

**Magnetic motors**
Reliable Power & High Blade Speed
Magnetic motors run at high speeds, resulting in smooth cuts. Light textures of hair will feed and cut well with magnetic motor clippers. Stainless-steel blades are safer than shears and are the longest-lasting of all the motors.

**Pivot motors**
High Power & Lower Blade Speed
Pivot motors have a lowered blade speed than magnetic motors but are twice as powerful. Higher cutting power makes them ideal for cutting thick or heavy hair. They are quieter, run cooler, and last longest and longest-lasting.

**Rotary motors**
High Power & Medium Blade Speed
Rotary motors have an equal amount of power and blade speed. They are also the only motor available with multiple speeds. Their balance between power, speed, size and weight makes them extremely versatile and perfect for heavy-duty cutting.

**Replacement Foil & Cutters**

- **Replacement Foil & Cutter** #17145
- **Replacement Foil Only** #17146
- **Replacement Cord** #17160 (Includes EU, UK, US, Australia and Brazil Plugs)
After manufacturing clippers and trimmers for more than 90 years, Andis® has two simple rules to keep your tools performing at their best — cleaning and oiling. Disinfecting your tools after each cut is not only good for your tool, it’s a healthy and necessary practice for your clients’ benefit. Oiling your blades is a must to ensure optimal performance and blade longevity. Turn to the Andis line of maintenance products and you’ll know you’re protected.

**Maintenance**

Spray can, 15.5 oz - 12 to a case
Cool Care Plus is a 5-in-1 cooler, lubricant, disinfectant and antiseptic formula cools, deodorizes, lubricates, cleans, prevents rust and decontaminates. Dip any detachable blades in the jar or conveniently spray blades to rinse away hair, buildup and preservatives.

**Dip jar, 16 oz - 12 to a case**
Spray bottle, 16 oz - 12 to a case

**4 oz bottles - 48 to a case**
Use Andis® clipper oil to lubricate and clean blades. Brush hair from the blades, add a few drops and wipe away excess oil with clean cloth. Hang or store your Andis clipper with this blade down to prevent excess oil from entering the clipper body.

**Essential to a smooth look.**

Professional strength sensitive skin bump prevention. Specially formulated for sensitive skin to minimize irritation. Prevents razor bumps, leaving a clean, tight look. Reduces inflammation from razor burn. Works to prevent ingrown hairs that lead to bumps. Maintains that smooth, just-shaved look throughout the day.

**Sensitive Skin Bump Care Wipes**

Spray, 10 oz - 12 to a case
