You provide the care. We’ll take care of the rest.

You do everything for the animals entrusted to your care. So you choose Andis® clippers and trimmers for the innovative features, reliability and accessories that provide the perfect combination of flexibility and control. You can see it in the way animals remain calm around the quiet-running motors. You can feel it in our cool running, fanless tools that won’t blow hair into incisions or wounds. You can believe in Andis, a top choice among veterinarians.

If your heart just skipped a beat, don’t worry. It’s a common reaction.

Presenting the Pulse Ion™ Cordless Clipper
Cordless lithium-ion power for easy clipping and mobility that pros demand! With up to 2 hours of runtime and 1 hour to full recharge, this clipper is always ready—right when you need it. With 5,500 strokes per minute, the powerful Pulse Ion™ RBC clipper sets a new standard for cordless operation, performance and flexibility. The revolutionary new Pulse Ion is all about form and function—removable hourglass body design, a charging stand that keeps a second battery ready for action in a matter of seconds.

RBC Clipper®
- Rechargeable, lithium-ion battery
- Up to 2 hours of runtime and 1 hour to full recharge
- Adjustable blade lengths 40, 30, 15, 10, 9
- Blade detached for easy cleaning
- 4 attachment combs: 1/8”, 1/4”, 3/8”, 1/2”
- Nylon housing with soft, sure grip
- LED charge indicators on clipper
- Charging stand with LED indicator lights

Super AGR+ 14 ft. Cord Pack 63075

The AGR+ Series. Powerful, cordless, detachable blade clippers that perform—all day long.
If you seek quick and easy results in a heavy-duty product that can handle rigorous use, look no further than the AGR+ series. Its powerful, high-speed motor cuts at 3,800 strokes per minute and runs continuously for 60-75 minutes with a fully charged battery pack. We packed more power into this series and made it 15% faster and 10% smaller than comparable models. It’s convenient as well, with cordless operation that enables easy mobility around animals and where power simply isn’t available. Convenience carries over to virtually maintenance-free operation with no oiling or greasing of internal parts and a full complement of accessories.

- Use with the AGR+ cord pack adapter
- On/Off switch with lock for safe operation
- Heavy-duty storage case holds and protects components
- Works with Andis UltraEdge®, CeramicEdge®, ShowEdge® and Oster® A5 blades (sold separately)
- See power accessories below
The AGC Series. Super-duty, cool running, detachable blade clippers. The power, speed and flexibility professional users require.

When you need to cut to the chase, think the AGC series from Andis®. In 3 models perfect for all coats and breeds you’ll find the clipping features you need. Whether you seek multiple speeds for greater power or a single speed solution that’s designed for control, you’ll find an AGC that’s perfect for any job. Confidently take the AGC series anywhere knowing the durable, shatter-proof housing can withstand the occasional mishap.

- Convenience is assured with a full complement of UltraEdge®, CeramicEdge®, StoneEdge® and Oster® A5 blades (sold separately)
- Generous 14 ft. cord that enable movement around large animals
- Quiet operation helps sensitive animals remain calm
- Virtually maintenance-free operation beyond regular blade oiling and cleaning

If we heard it once, we heard it a thousand times. Animal care professionals choose Andis® brand products because they run smoothly and quietly, stay cool and work as hard as you do—all day long. They complement the blades and accessories that simplify the way they work and provide the flexibility when it’s needed most. And while there are hundreds of reasons to select Andis brand clippers, trimmers and professional grooming accessories, we know there’s one that is matched perfectly to your needs.

The AGC Series. Super-duty, cool running, detachable blade clippers.

- Virtually maintenance-free operation beyond regular blade oiling and cleaning

2-Speed Nail Grinder 65880

Our 2-speed nail grinder is the perfect balance of power and control. The rotating grinder head files sharp and jagged nails without cutting into the quick or leaving rough edges that may occur with traditional nail clipping.

- 2 Speeds—7,000 and 12,000 RPM for controlled and efficient nail finishing
- Stone for final nail finishing and shaping
- Perfect for both dogs and cats
- Softgrip silicone sleeve
- Soft case for convenient storage and transport

Before your procedure, trim with precision.

PowerTrim® Trimmer 32320

The quiet, light-duty PowerTrim® is an ideal solution for quick and easy prep before procedures. Rely on the stainless-steel blade for precise, controlled trimming and a powerful Ni-MH battery that recharges overnight for a full day’s work.

- Cordless, ergonomic design
- Stand-up charger with LED indicator light
- 4 attachment combs: 1/16”, 1/8”, 1/4”, 3/8”
- Blade oil

Safely and quickly shape nails in need of a trim.
UltraEdge® blades
For a dependable, long-life blade, look no further than Andis® UltraEdge® blades. Our exclusive carburized hardening process keeps blades sharper for a longer time. Add a special chrome finish that inhibits corrosion and you have cutting solutions that will last for years.

CeramicEdge® blades
For clippers that get a workout all day long, consider Andis® CeramicEdge® blades. Our unique zirconium oxide ceramic cutter stays up to 75% cooler than steel. The unique patent-pending material is more durable than imported ceramics to resist breakage when changing blades.

ShowEdge® blades
When professionals seek the perfect show finish, they start with Andis® ShowEdge® blades. Our ShowEdge® blades have more teeth to lift and guide hair freely across the blades. It’s a revolutionary design that glides effortlessly through the coat and creates an extra smooth finish—without track marks or lines.
